Re: Additives - Ammonium Compounds

Dear Tony,

Please find enclosed a request from Mr. Browning (UK DoH) which is self-explanatory.

A TMA meeting to discuss this issue is planned for August 24 in London. I underetand a PM position paper has been prepared on Ammonium Compounds. Could we use it in the UK ? Should we answer individually or through TMA, it seems that a similar letter will be sent to each manufacturer (probably through Rothmans for us).

Could we discuss the matter as soon as possible.

Thanks and best regards,

Jean-Bernard Boder
